

How to Spot a Scam

Video Transcript

Let's talk about fraud. Fraud can affect anyone, and it goes beyond just stealing a credit card number. If you receive a request for personal information from your bank or someone you don't know, think to yourself, does this make sense? Why are they asking me for this?

Don't let fraudsters trick you into shagging more than you should. Keep your personal information personal. Frequently update your passwords and use multifactor authentication. And listen to your gut.

If something doesn't feel right, it's probably not.
